

Parma Low Carbon Roadmap 2035

Emissions 2020

Aggregates	2%
Energy	4%
Reinforcement	6%
Transport	18%
Binders	70%

Emission reductions 2020-2035

Other climate actions 2020-2035: design optimisation, hybrid structures and circular economy

*Emission reductions in Greenhouse Gas Protocol categories:
 Scope 1, 2: (energy) -63%, Scope 3: (binders, transport, reinforcement, aggregates) -49%
